Mr. Wallace R. Wayman
Provo River Water Commissioner
4186 Canyon Road
Provo, Utah

Dear Mr. Wayman:

Your balance sheet No. 3, Report No. 7, of your Distribution Statement, covering the period April 1 to April 15, 1961, shows storage balances in Deer Creek Reservoir of 524 acre feet credited to Provo Reservoir Water Users Company and 12,875 acre feet credited to Utah Power & Light Company.

By Letter Agreement dated March 9, 1961 between the Provo Association and the Power Company, copy of which is enclosed herewith, the Provo Association acquired a right to store the natural flow of Provo River to which the Power Company was entitled under its rights in Deer Creek Reservoir, and therefore the above mentioned 524 acre feet stored in the reservoir must be credited to Utah Power & Light Company, for the reason that the Provo Association has no right to store that water, except in accordance with the provisions of said agreement.

Very truly yours,

(Signed) F. GERALD IRVINE
